The primary purpose of Playschool is to provide an opportunity for preschool children and their parents to participate in a school situation that can both supplement and complement learning at home.

Director's Message

At V.S. Public school, we hope to create an atmosphere of reverence for education and a healthy environment where work, sports and co-curricular activities will mould our students and spur them on to be the brightest and the best. In order to do this, the parents and the school teachers must work together to inculcate certain values in the students. Respect for our elders, especially the teachers and a commitment to discipline are engraved in Indian culture. Let us inculcate these ideals in our younger generation. A student who has respect for the teacher will be more receptive to authority and to learning. This will enable him/her to get the best out of the school.

Students at school are motivated to develop leadership skills and a thorough understanding of interdependence. Special emphasis is placed on the need to serve others while actively contributing to the school community and society as a whole. We encourage each student to give their very best in an attempt to realize their dreams. We look forward for seeing you in the campus.
